Previous work experience	<ul style="list-style-type: none"> ▪ 1980-1982 as researcher assistant in the institute of animal production and poultry researches, Dokki, Egypt. ▪ 1982 as demonstrator in Hygiene and food control department. Cairo University. Beni Suef branch. ▪ 1985 as assistant lecturer in Hygiene and food control department. Cairo University. Beni Suef branch. ▪ 1990 as lecturer in animal nutrition and deficiency diseases , Cairo University. Beni Suef branch. ▪ 1995 as assistant professor in animal nutrition and deficiency diseases, Cairo University. Beni Suef branch.

	<ul style="list-style-type: none"> ▪ 2001 as professor in animal nutrition and deficiency diseases, Cairo University. Beni Suef branch. ▪ 2002-2009 as expert of feed analysis in lab at the Authority of Agriculture affairs and fish resources in state of Kuwait. ▪ 2010-till 2018 head of Nutrition and Clinical Nutrition Department.
Professional experience and work done	<ul style="list-style-type: none"> • 1980-1982 assisted in many projects of poultry production in the Ministry of Agriculture and Land Reclamation Egypt. • 1982- 1984 teaching undergraduate students the practical biochemistry syllabus. • 1984-1990 teaching Animal Nutrition practical syllabuses. • 1990 up till now teaching animal nutrition theoretical syllabus to under and post graduate students. • 1997-1999 as a member of the team in animal production risk analysis project with faculty of commerce, Cairo Uni. • 1999-2000 teaching animal nutrition, undergraduates in El Sadat University. • Performing lectures and training course for veterinarians and agricultural engineers in EFAD projects in Ministry of Agriculture. • 2002-2009 Developing the Animal Nutrition and feed quality control status in Kuwait state and establishing an efficient system for surveillance of animal deficiency diseases. Supervising the development, maintenance and repairing of laboratory and scientific equipments and instruments. Supervising a number of national technicians to be qualified in several aspects of Animal nutrition and feed evaluation. Responsible for all managerial and technical aspects of the lab concerning local, imported and exported feeds. • 2004-2007 supervising a project of mycotoxins detection in animal feeds at Kuwait state. Feed analysis lab, Authority of Agriculture affairs and fish resources. • 2007-2009 supervising a survey on antibiotic residues in food and feed with Kuwait institute for scientific researches. • 2003-2009 sharing some research works with animal production sector in the Authority of Agriculture Affaires and fish resources. Kuwait. <ol style="list-style-type: none"> 1. Comparison among different sheep breeds in feed conversion efficiency, milk production and its constituents 2. Effect of using a commercial feed additive product "Uramel" in dairy cows feeding on feed conversion, milk production and its constituents 3. A study on using silage of oriental plants "conacarpos" on dairy cattle performance • 2003-2009 presenting workshops in the Authority of Agriculture Affaires and fish resources. Kuwait. Including different applications and field trips. <ol style="list-style-type: none"> 1. Mycotoxins in animal feeds and its prevention 2. Quality control of animal feeds 3. Sampling methods of animal feeds 4. Storage standards for animal feeds • 2006- Demonstrating a workshop for 4 days in Moven Peck hotel, Kuwait. For different scientific specialties concerning "Animal feed evaluation and economy". • 2012-till now teaching animal nutrition in El Sadat University to the post graduate students. • As external examiner in many Vet. Med. Faculties. • 2013-2016 a member of Standing Scientific Committee for Food Hygiene &

control, and Animal Feeding. (enclosed list of members submission)

- 2013- 2016 as Chief of research team leader of a project achieved as a funded project from Beni-Suef University.

SCIENTIFIC ACTIVITIES

Personal thesis	<ul style="list-style-type: none"> • 1985-M.Sc, Poultry market rations and their fulfillment to nutritional standards. • 1990-PhD, A study for Estimating the Gross physical composition of mixed rations and the detection of Adulteration.
Adviser/Co-adviser /supervisor/ member in examining committees in the field of animal nutrition for the following:	<ul style="list-style-type: none"> • 1991- M.Sc degree. Effect of different feeding programmes on broilers growth. Samar S. Tawfeek. . Vet. Med. faculty. Beni-Suef Univ. • 1996- PhD degrees. Measurement of ME in poultry feeds and factors affecting. Samar S. Tawfeek. Vet. Med. faculty. Beni-Suef Univ. • 2000- M.Sc degree. A study on goat efficiency of consumption and availability of some mineral sources. Ibrahim Yussif. . Vet. Med. faculty. Beni-Suef Univ. • 2004- M.Sc degree. Zn and Cr as antioxidants in rabbit feeds. Rasha Rashad. Faculty of Science. Beni-Suef Univ. • 2011- Member in examining committees of M.Sc degree. The use of unconventional fibrous feeds in rabbit diets. Manal Bakry. Vet. Med. faculty. Beni-Suef Univ. • 2011-2016 PhD degree. Dietary energy density and crude protein as factors affecting feed intake and broilers performance. Manal Bakry. Vet. Med. Faculty. Beni-Suef Univ. • 2012- 2016 PhD degree. Feed additives, feed restriction and enzymes in broiler diets. Asmaa Salah. Vet. Med. Faculty. Beni-Suef Univ.

	<ul style="list-style-type: none"> • 2013- Member in examining committees of PhD degree, Supplementation of vitamins E, C, Folic acid and betaine to diets of broiler chicks. Mona Azat Elkhenawy. Vet. Med. faculty. Mansoura Univ. • 2014- Member in examining committees of M. Sc degree, Effect of feeding broiler chickens on diets containing organic acids and etherics (essential) oils on performance and immune response. Ahmed Elzenary. Vet. Med. faculty. Al-Sadat City Univ. • 2015- Member in examining committee for university reward of best thesis in Zagazig University of Ph.D. degree, Nutritional studies on some feed additives in broiler chick diets. Shimaa Ahmed Ibrahim, Vet. Med. Nutrition and clinical nutrition Zagazig University. • 2015- Member in examining committee for university reward of best thesis in Zagazig University. M.SC degree. Response of broiler chick to diets containing different levels of sprulina platensis as a feed additives. Samar Tolba Amin, Vet. Med. faculty, Nutrition and clinical nutrition Dep. Zagazig University. • 2015- Member in examining committee of research. Efficiency of Egyptian mulberry extract in controlling nephropathy complications in diabetes rats. Girl's Art, science and education faculty, Biochemistry Nutrition Dep. Ain Shams University. • 2016- Member in examining committee for university reward of best thesis in Zagazig University. Ph.D. degree. Growth performance and fatty acids profile changes of broiler chicks fed diets supplemented with pomegranate peel extract and sage oil. Asmaa Taha Yaseen. Vet. Med. faculty, Nutrition and clinical nutrition Dep. Zagazig University. • 2016- Member in examining committee of M. Sc. degree. Response of broiler chicks to diet containing sunflower meal. Fatma Gagab Mahmoud. Vet. Med. faculty, Nutrition and clinical nutrition Dep. Benha University. • 2016- Member in examining committee of M. Sc. degree. Response of broiler chicks to diet containing different enzymes sources. Mahmud Saad Elramy. Vet. Med. Faculty. Nutrition and clinical nutrition Dep. Benha University.
Papers	<ul style="list-style-type: none"> • Regional, national and international journals published papers (see attached Annex)
	<ul style="list-style-type: none"> • Conducted training programmes for middle level, undergraduate and post graduate students in animal and poultry nutrition, feed analysis and quality control.
